## **DETAILED ACTION**

### ***Reissue Applications***

The reissue declaration is objected to for the following reasons:

The reissue oath/declaration filed with this application is defective because it fails to identify at least one error which is relied upon to support the reissue application. See 37 CFR 1.175(a)(1) and MPEP § 1414. The reissue declaration filed June 18, 2004, states that "At least one error upon which reissue is based is that I failed to claim a system for synthesizing a musical tone according to control information in which a processor executes a process of providing control information at a variable period and a controller controls the variable period according to the detected load of the processor," yet the amended / new independent claims are not directed to providing control information at a variable period as stated. The supplemental declaration filed June 22, 2007 is defective as it fails to correct the above error.

The reissue oath/declaration filed with this application is defective because it fails to contain a statement that all errors which are being corrected by the amendments to the claims and addition of claims 73-75 filed 2/14/05 arose without any deceptive intention on the part of the applicant. See 37 CFR 1.175(b)(2) and MPEP § 1414.

In accordance with 37 CFR 1.175(b)(1), a supplemental reissue oath/declaration under 37 CFR 1.175(b)(1) must be received before this reissue application can be allowed.

Claims 1-55,59-61,65,67,69, 71,73-75 are rejected as being based upon a defective reissue declaration under 35 U.S.C. 251. See 37 CFR 1.175. The nature of the defects are set forth above.

Receipt of an appropriate supplemental oath/declaration under 37 CFR 1.175(b)(1) will overcome this rejection under 35 U.S.C. 251. An example of acceptable language to be used in the supplemental oath/declaration is as follows:

"Every error in the patent which was corrected in the present reissue application, and is not covered by a prior oath/declaration submitted in this application, arose without any deceptive intention on the part of the applicant."

See MPEP § 1414.01.
